## ABOUT US

I'm Natalie, the founder of Once Upon a Time Photo & Film, where we've been creating lasting memories for over a decade. With my talented team, we capture your love stories through high-quality photos and videos that become family heirlooms for generations to come.

My background is in cinema (I have a Master's in film from the University of St Andrews), and I got my start working on Hollywood productions before shifting my focus to something a little more personal: love stories. My passion for storytelling started with narrative films — I even directed a modern version of Romeo and Juliet that premiered at festivals across the U.S. But it was while working on the TV show *Say Yes to the Dress* that I realized just how powerful real love stories can be. That's when I made the leap into wedding filmmaking full time.

My goal? To bring a touch of movie magic to your real-life modern fairytale.

Natalie

# FREQUENTLY ASKED QUESTIONS

## **Can we schedule a call with you?**

Absolutely! We actually prefer meeting in person on a call. It's the best way to get to know each other and make sure we're the right fit. We love building a genuine connection with our couples, after all, we'll be there on one of the most meaningful days of your life.

Feel free to send us an email with your preferred package, dates, venue, and a few words about yourselves, and let's have a call!

## **What is the normal delivery time for a wedding film?**

Our standard delivery time for the full wedding film is around 2 months

If you'd like a faster turnaround, we also offer an express delivery option, with your films ready within 2 weeks from the wedding.

## **What is the booking process?**

After we've had our initial call to discuss your vision we will send you an online contract to fill in. We require a 50 percent deposit upon booking to reserve your date with the other 50 percent due by the date of your wedding. We accept payment through check, Zelle, or Venmo. Once you are booked we will send you a questionnaire to fill out. Then one month before your wedding we will organize a final call to go over your timeline, shot list, and discuss any other wedding day details.

Yes, and we love them! If you have a specific vision, special requests, or unique circumstances (destination weddings, elopements, multiple day weddings etc.), we'll tailor a package that fits your needs perfectly. Just tell us what you have in mind, and we'll create something made just for you.

# FREQUENTLY ASKED QUESTIONS

## **What is a Highlight Film?**

Our wedding highlight films are cinematic videos that capture the emotion, story, and atmosphere of your wedding day. The film will weave together the most meaningful parts of your day: getting-ready moments, the anticipation before the ceremony, vows and first looks, joyful reactions from family and friends, and the energy of the celebration that follows. These visuals are carefully edited with music, audio, and artistic camera movements to create a cinematic and beautiful film. Our goal is to let you relive how the day felt: all the love, excitement, laughter, and intimacy of one of the most important days of your life!

## **What is the Speeches and Dances Reception film?**

The Speeches & Dances Film is a full-length edit of your reception's most important moments. It includes complete toasts, along with your first dance and parent dances, captured in full with professional audio. Other moments we film in full are entrances, cake cutting, the last dance, bouquet toss, and any other special dances or moments that you would like filmed in full. This film is more documentary in style, focusing on preserving every word and moment exactly as it happened—perfect for reliving and sharing these heartfelt parts of your celebration.

## **What is a Video Guest Book?**

The Video Guest Book is a fun and heartfelt video that captures short, candid messages from your guests during the reception. Friends and family share well-wishes, advice, memories, and congratulations directly to the couple on camera. We edit these clips together into a light-hearted film that adds a personal and emotional layer to your wedding story. It's a meaningful keepsake that lets you hear from the people you love—preserving their voices, personalities, and genuine reactions in a way photos alone can't.

## **What is included in the Ceremony Film?**

The ceremony film is a full video of your ceremony, capturing every important moment from start to finish. It is recorded in multiple angles with professional audio. This film focuses on preserving the ceremony exactly as it happened, so you can relive your vows and share the experience with family and friends for years to come.

We would absolutely love to film your special celebration.
